The said Order also provides for the reservation to be cancelled subject to the observance and performance of the following terms and conditions:—

1. On or before the 15th day of May, 1967, representations in writing will be received by the Minister of Mines and Petroleum Resources (hereinafter referred to as the "Minister") from anyone interested in making application to explore for and produce coal from the area described above. The applications considered by

the Minister to be most suitable will be accepted, and the acceptance or refusal of any application by him shall be final, and upon acceptance by the Minister the successful applicant or applicants will, in addition to the terms and conditions herein contained, be required to proceed with acquisition of title in accordance with the terms of the *Coal Act*.

2. Anyone so interested must submit with his representations a performance bond of \$50,000 in the form of cash or Province of British Columbia parity bonds and is required to agree, in writing, to the following terms and conditions:—

- (a) A total of \$150,000 must be spent on field exploration and development work to the satisfaction of the Minister in the area licensed to any applicant during the three-year period following issuance of the licence or licences.

- (c) The licensee, prior to the expiry of three years after the date of his licence, shall submit to the Minister proposals for the further development and exploitation of the coalfield.
- (d) If the licensee is satisfied at any time during the three-year period that a firm proposal can be made as to the development and exploitation of the coalfield, the proposal shall be placed before the Minister and the licensee shall be given the first opportunity to develop and exploit the coalfield, provided the proposal is considered reasonable, subject, however, to the following terms:—

- (i) A further bond or deposit to be posted, and the licensee will be required to complete the proposed development and exploitation within a period of time determined by the Minister.
- (ii) The Minister may, on giving six months' notice to the licensee, require the licensee to sell for use in British Columbia up to one-half of the daily output of coal for cash or on terms acceptable to the licensee, to a bona fide buyer, on a reasonable contract, at the same price the licensee is receiving or is to receive for a like product sold elsewhere. The order of the Minister shall be deemed to be sufficiently given if sent by registered mail to the address of the licensee as recorded in the Department of Mines and Petroleum Resources at Victoria, B.C.

- (e) The licensee shall
(i) on demand make available to the Minister for examination by officers of the Department copies of all plans of the licence and workings thereon, plans showing the positions of all drill-holes, logs of drill-holes, analyses of coal, technical reports, and other documents pertaining to the exploration, development, or mining of coal within the licensed area;

(ii) within three months following each anniversary date of the licence
